1.0 Introduction

The Entries Extranet is a secure online facility for registered centres to enter, modify and withdraw candidates for a range of tests administered by Cambridge Assessment Admissions Testing, including the pre-interview assessments used by the Universities of Oxford and Cambridge. For a full list, please refer to our website www.admissionstesting.org.

You will need internet access to use Entries Extranet. We recommend the latest versions of Firefox or Google Chrome.

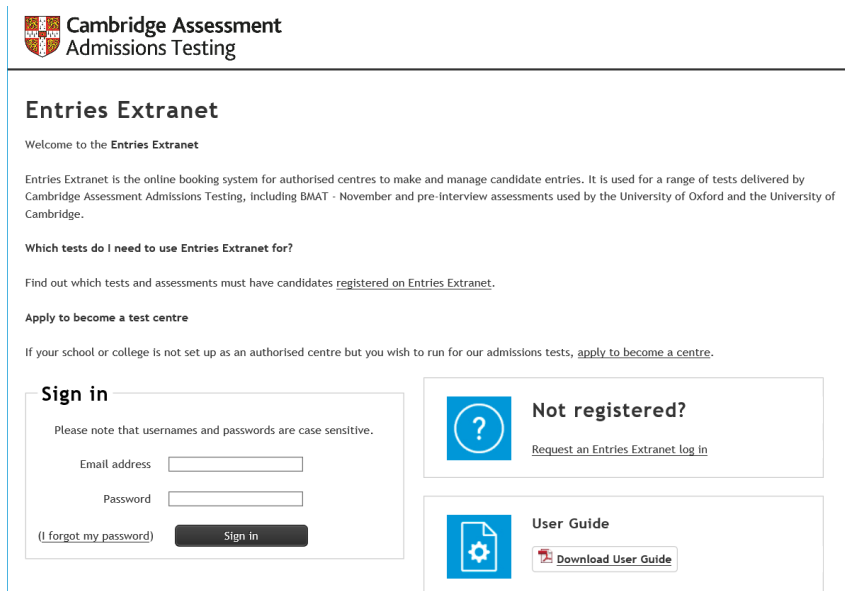

Screenshots in this guide may vary slightly from the screens you view in your browser. Please note the deadlines in these screenshots are for example purposes only; accurate current information will always be displayed on the Entries Extranet and/or the Cambridge Assessment Admissions Testing website.

You can download a PDF copy of this guide from the *Help* tab after logging in.

2.0 Getting started

2.1 Logging in

In your browser, navigate to www.entries.cambridgeassessment.org and enter your username and password. This will take you to the *Entries Overview* page. Information about navigating the *Entries Overview* page can be found in section 3 of this guide.

The screenshot shows the Cambridge Assessment Admissions Testing logo at the top left. Below it is the heading "Entries Extranet" and a welcome message. The main content area contains several links: "Which tests do I need to use Entries Extranet for?", "Apply to become a test centre", "Not registered?", and "User Guide". The "Sign in" section is highlighted, showing a form with fields for "Email address" and "Password", a "Sign in" button, and a link for "(I forgot my password)".

2.2 Usernames and passwords

Your username is the email address which you registered for an account.

When you first register for an Entries Extranet account, you will receive an email with a password to log in. Please keep your username and password secret and secure at all times.

If you forget your password, you can request a replacement from the Entries Extranet login page by clicking on *I forgot my password* (see below) and following the instructions.

The screenshot shows the login interface. On the left, the 'Sign in' box contains a note about case sensitivity, input fields for 'Email address' and 'Password', and a 'Sign in' button. A red box highlights the 'I forgot my password' link below the password field. To the right, there are two boxes: 'Not registered?' with a question mark icon and a link to 'Request an Entries Extranet log in', and 'User Guide' with a gear icon and a 'Download User Guide' link.

If an incorrect password is entered three times in succession, the account will be locked. In this case, please wait 30 minutes then request a new password via the *I forgot my password* link on the login page. A new password will be sent to you by email.

Should you wish to change your password, you can do this via the *My Details* tab when you are logged in.

The screenshot shows the user interface after logging in. The top right corner displays the user's name 'Kirsten Brook, GB599' and a 'Sign Out' button. The main header features the Cambridge Assessment Admissions Testing logo. Below the header is a navigation menu with tabs for 'Entries Overview', 'BMAT', 'TMUA', 'TSA', 'TSAS1', 'My Details', and 'Help'. The 'My Details' tab is currently selected.

Scroll to the bottom of the page. You will need to enter your existing password and a new password in the relevant fields. You will need to retype your new password in the *Confirm new password* field before clicking the *Submit* button.

The screenshot shows the 'Change password' form. It has a title 'Change password' at the top. Below the title are three input fields: 'Existing password', 'New password', and 'Confirm new password'. Each field has an asterisk (*) to its right, indicating a required field. Below the input fields is a 'Submit' button.

Emails from Entries Extranet may appear in your junk or spam folders.

Please remember to clear your cache and cookies to remove the previous login data. Then log in using the new password (it is easiest to copy and paste this from the email). If the issue persists, please contact the Admissions Testing support team on <https://support.admissionstesting.org/hc/en-gb> or call +44 (0) 1223 553366.

2.3 Amending/adding users

To add an additional user, amend a user's details or remove a user from the system, please contact the Admissions Testing support team on <https://support.admissionstesting.org/hc/en->

[gb](#) with your centre name, centre number, the username of the account to be amended and details of the changes needed.

Your name and centre number can be found in the top right of the *Entries Overview* screen.

To request a change of Examinations Officer or inform us of a change to your centre's name or address, please use the *Change of Exams Officer Request Form* available on the Admissions Testing support site at <https://support.admissionstesting.org/hc/en-gb/articles/205655655>.

3.0 Entries overview

Please note that our Admissions tests are only listed on the *Entries Overview* when the registration window is open and if you have the appropriate permissions for a test.

Depending on your access to the site you may only see some of the tabs in the screenshots below. If you cannot see certain tests that you think should be visible to you and the registration window has opened, please contact the Admissions Testing support team: <https://support.admissionstesting.org/hc/en-gb> or visit www.admissionstesting.org.

The *Entries Overview* is your homepage in Entries Extranet and displays an overview of your account. Below is a screenshot and some further guidance as to what information you can find in the *Entries Overview*.

Novel Coronavirus (COVID-19)
We have made changes to the delivery of our November session for 2020.
BMAT, CTMUA, TMUA, TSA and TSA S1 will be computer-based. All other admissions tests will remain paper-based.
Some tests will run on the previously scheduled date of 4 November and others will run on the new date of 5 November. Candidates should register with their centre in the usual way. Please check the date of each test on our [website](#).

4.0 Making a new test entry

4.1 Selecting the test

You can make a new entry by clicking the test name in the tabs or the button in the *Make a new test entry* section of the *Entries Overview*. You can only make one entry at a time. If you have a large number of candidates to enter for the same test, please contact the support team.

Please select the test carefully as some have very similar names (e.g. TSA and TSA S1). When you click on a tab or box, you will be taken to an information screen specifically for the selected test.

Please read the information to ensure you are booking for the right test. You will also be able to see the important dates and entry fees (if applicable). **Late entries cannot usually be accepted.**

BMAT

Candidates applying to take Medicine, Dentistry and related courses at a range of universities in the UK and abroad may need to take BMAT in October.

If the candidate is applying to BMAT universities in the UK and/or Lee Kong Chian in Singapore, you must tick the universities and courses when making the booking, or the university(ies) will not get their results. For other non-UK BMAT universities, candidates will need to share their own results after the test using our new results verification system. The candidates will be given access to this system on the test day. For more information, please visit our website. Please check the University website to see if BMAT is needed for the intended course.

If a candidate has already taken BMAT in September of the same year, they must not take it in October also. If they do so, both results will be shared with all institutions selected to receive results for either session, and the institutions may consider this to be taking an unfair advantage. Please ensure the candidate is aware of this.

By registering the candidate for BMAT you on their behalf agree that data provided as part of the entry or admission process may be passed to any institution involved in their university application and to UKMED Development Group and that the data may be used for research purposes. You also agree that if the candidate obtains a place on a course where BMAT results form part of the admissions process, then their University may supply Cambridge Assessment Admissions Testing with data about their application and results in subsequent assessments at that University, unless they specifically notify the University in writing. We store personal data securely and will ensure that if candidate data is used in publications or research that it is used anonymously.

There are 8 Candidates entered for BMAT.

Please check:

1. The names are entered in the correct boxes as per the UCAS entry.
2. The names are full names, not nicknames/usernames, with gaps as per the passport/birth certificate.
3. The date of birth is **DD/MM/YYYY** (e.g. 01/01/2003) and the dates entered are correct (e.g. not today's date, not the American date system).
4. The UCAS ID is accurate.

You do not need to add the UCAS ID at this stage but it will assist with distributing scores to universities. You can add it later, see section 6 (Modifying entries).

Note: The Entries Extranet cannot support diacritics (commas, hyphens, umlauts). In these cases, please leave them out and write the name as closely as possible to the original.

Some fields are obligatory and have to be filled in before moving on to the next page. When you have accurately completed the candidate's details, click *Next*.

4.3 Combination details (this will only appear for STEP entries)

You will need to select the correct combination of papers for STEP, as specified in the candidate's UCAS offer(s).

If the course/institution is not selected here, then results will not be provided to the university by Cambridge Assessment Admissions Testing. Some assessments are unique to a single institution and/or course. Entries Extranet is separate from UCAS; selecting an institution here does not replace the usual university applications processes.

For MLAT, OLAT and CAT, you will need to enter the four-character UCAS course code in the first box manually. A drop-down list will appear when you start typing. Select the course code you want from the drop down. The course name will then appear next to the box, please check it is the correct course before submitting.

For TMUA, candidates can allocate results after the test via our Metrtests system. Candidates will be given logins for Metrtests on the test day. This also applies to non-UK universities that accept results from the BMAT November session other than Lee Kong

Chian. For all other tests, including BMAT universities in the UK and Lee Kong Chian in Singapore, if the course/institution is not selected on Entries Extranet, results will not be provided to them. You can add or change courses and institutions at any point during the registration window, see section 6 (Modifying entries).

For STEP (available in June only), if a course/institution for which the candidate intends to use the results does not appear in the list, please select *Other* as well as any specific courses/institutions.

Once you have completed and checked this section, please click *Submit*. The candidate is not entered until you click *Submit*.

Note: In previous years, the college name has been requested at this stage for the Universities of Oxford and Cambridge. This is no longer a required field so where the box appears, it will be pre-populated with *no college selection required*. Please note it does not appear on recently added courses.

Once the candidate is registered, they are automatically assigned a unique Entry Number (the letter designator for that assessment followed by five digits).

You must provide the candidate with their entry number as confirmation that the entry has been made.

4.5 Submitting access arrangements

To request an access arrangement for a candidate, find the entry on the *Entries Overview* screen and select *Submit access arrangement* from the *Action* dropdown. This will open a webform in a new browser page.

- Centre number
- Candidate number (this is unique to the candidate and is automatically generated by Entries Extranet at the time the entry is made)
- Test
- Candidate name
- Candidate date of birth

You will need to accurately complete the remaining fields in the form.

Note: If the candidate requires modified materials, you must request this before the deadline. The deadline for modified materials is often earlier than the closing date for registrations and other access arrangements.

The deadline is shown in the box on the right-hand side of the main page for each test, please see the example below.

The different columns represent:

- **Entry #:** the candidate's unique entry number. The letter identifies the paper for which they have been entered, with a five-digit number.
- **Test:** the acronym for the assessment for which the candidate has been entered.
- **Created:** the date the entry was made.
- **Modified:** the last date the entry was amended.
- **Status:** This will show NOT YET CONFIRMED for the first couple of hours after making the entry until it has been accepted by the Admissions Testing system. After this it will show as CONFIRMED. If you notice that any of your entries take longer than 48 hours to show as confirmed, please contact atadministration@cambridgeassessment.org.uk.

You can search for a specific candidate under Current Entries using either their name or candidate number.

Note: The search function does not recognise wildcards – you will need the correct start of either the candidate's first name or last name or candidate number, including the letter designator.

Alternatively, you can search by test name to view your candidates entered for a particular test.

If you click *Cancel*, you will be taken back to the candidate's entry and the entry will not have been removed from your list of current entries.

If the candidate is withdrawing from your centre completely, even if they intend to take the test at another centre, please withdraw them here. The candidate's new test centre should then re-register the candidate.

If you withdraw a candidate on Entries Extranet in error, you can re-enter them at any point up to the final registration closing date. We will not be able to re-register the candidate after this date if they are accidentally withdrawn.

To return from a candidate record to the home screen, click on the *Entries Overview* tab.

If you need to make any amendments after registrations close, you will need to submit a withdrawal form. To submit the form for a candidate, find the candidate under *Current entries*. In the *Action* column, select *Submit withdrawal request* from the dropdown. This will open a webform in a new browser page.

Name	Entry #	Test	Created	Modified	Status	Action
Red Deer	B09418	BMAT	16-Sep-2021	16-Sep-2021	CONFIRMED	<div style="border: 1px solid black; padding: 2px;">Select Link ▾ Select Link Submit timetable variation request Submit withdrawal request Submit access arrangement Submit entry amendment</div>

The following fields will auto-populate on the form with the data already in Entries Extranet:

- Centre number
- Candidate number (this is unique to the candidate and is automatically generated by Entries Extranet at the time the entry is made)
- Test
- Candidate name
- Candidate date of birth

You will need to select a reason as to why the candidate is withdrawing from the test. There are three categories to choose from:

- Medical reasons related to Covid-19
- Medical reasons not relating to Covid-19
- Compassionate reasons

You can provide further detail in the text box provided. Any withdrawal requests relating to medical issues require supporting evidence.

When we have processed the request the candidate will no longer show in your list of *Current entries* and we will confirm by email when the request has been processed.

7.0 Post-test admin

7.1 Submitting a special consideration request

An application for special consideration must be submitted no later than five working days after the test. To submit a request for a candidate, find the candidate under *Current entries*. In the *Action* column, select *Submit special consideration* from the dropdown. This will open a webform in a new browser page.

You will need to select a reason why the candidate was disadvantaged during the test. Depending on your selection, you may be required to add further detail. All applications for medical reasons will require supporting evidence to be submitted.

Internal and open centres can submit the special consideration form on behalf of a candidate via the Entries Extranet. If a candidate took the test at an open centre, they can submit the form themselves. They will need to access the form on our [support site](#).

You will receive a confirmation email when you submit the form. We will only contact you regarding an application if more information is required. Otherwise, we will pass on a level of severity to the institution(s) the candidate has applied to, as per our [policy](#).
